

G-STAR TELECOM

UEI: ZX9LLMKMPAY9
DUNS: 078753062
CAGE: 6W9E8

WHO WE ARE

G-Star Telecom Inc. is an SBA-certified Service-Disabled Veteran-Owned Small Business specializing in secure and non-secure Audio-Visual and Unified Communications design, integration, installation, maintenance, and IT/AV staffing for private and public sectors. Since 2012, we have delivered mission-critical AV/VTC solutions supporting DoD and civilian agencies, including SCIF environments, command centers, and enterprise collaboration spaces. Our team provides end-to-end lifecycle support from engineering design and equipment procurement to preventive maintenance, rapid incident response, and program management, ensuring operational continuity and compliance with federal security standards. G-Star combines technical depth, disciplined execution, and responsive customer service to deliver reliable, secure, and scalable communication solutions.

“The Gold Star Standard in Audio-Visual Services”
